REP. ROSARIO IN SUPPORT OF EQUITABLE SCHOOL FUNDING

Representative Christopher Rosario (D-Bridgeport) joined with colleagues and parents from the Achievement First schools in Hartford, New Haven and Bridgeport at the Capitol to call for the legislature to take action on equitable funding of all public schools and charter schools in response to a recent Superior Court decision.

“I was pleased to join today with the many dedicated educators and parents to add my voice to their plea for fair funding of our schools,” Rep. Rosario said. “We will be following closely the outcome of this court decision to determine ways in which we can finally move this important issue forward.”

Connecticut was faulted on its lack of fulfilling its constitutional duty to fairly educate its poorest children and was ordered to come up with a new funding formula for public schools. The decision comes after a 10+ year legal battle between the state and the [Connecticut Coalition for Justice in Education](#).

Rep. Rosario represents the 128th Assembly District and serves on the Appropriations, Energy and Technology and Transportation Committees. He also serves on the Transportation, Human Services and Judicial and Corrections Appropriations Subcommittees.
